

SARAH SMITH

Data Scientist

sarah.smith@email.com | (555) 987-6543

## SUMMARY

Data scientist with 3 years of experience specializing in machine learning, statistical analysis, and data visualization.

## SKILLS

- Programming: Python, R, SQL
- Machine Learning: PyTorch, scikit-learn, XGBoost
- Data Analysis: Pandas, NumPy, Matplotlib
- Big Data: Spark, Hadoop
- Cloud: Google Cloud Platform

## EXPERIENCE

Data Scientist | AI Innovations | 2022-Present

- Developed predictive models achieving 92% accuracy
- Created data pipelines processing 1TB+ daily
- Implemented NLP solutions for text classification

Junior Data Scientist | Analytics Co | 2020-2022

- Performed A/B testing and statistical analysis
- Built dashboards using Tableau
- Automated reporting processes saving 10 hours weekly

## EDUCATION

Master of Science in Data Science

MIT | 2018-2020

- GPA: 3.9/4.0

- Thesis: Deep Learning for Time Series Prediction
